World Bank

Strada Vasile Lascăr, Nr. 31, Bucharest (Romania)

<https://www.worldbank.org/ro/country/romania>

Short-term consultant within the project "Elaboration of the deinstitutionalization plans for children in care institutions and ensuring their transition in the community" (project code: SIPOCA 2). As part of the project, we have carried out activities to validate the data collected in order to elaborate the plans to deinstitutionalize the children from the care centers and to ensure the transfer of the children to community care services. Specifically, we verified, together with the social workers and case managers from the care centers / DGASPCs, the quality of the information recorded in the children's evaluation tools (medical, educational, psychological, social) and in the questionnaires applied to households and local authorities regarding the family situation and the existence of social services at local level.
